## **NEARLY EIGHT TIMES MORE BUSINESSES IN THE EAST MIDLANDS SUPPORTED BY LENDERS IN Q2 2020 COMPARED TO ALL OF 2019**

- Figures published today by UK Finance reveal that over 48,000 businesses in the East Midlands received nearly £2.2 billion of support through commercial lending and government-backed loan schemes in the second quarter of 2020.
- Businesses in the region accessed 53 per cent more loans compared to 2015-2019 in total, demonstrating the scale of support the banking and finance industry has provided businesses throughout the pandemic.
- Financial support and government schemes led to a reduction in expenses for businesses across the country, leading to a rise in deposits for SMEs in the quarter.

Figures published today by UK Finance reveal that businesses in the East Midlands received nearly £2.2 billion worth of lending support from the banking and finance industry in the second quarter of 2020.

757 per cent more businesses were provided with finance in the quarter than in the whole of 2019, and 53 per cent more than in the period from 2015 to 2019, demonstrating the unprecedented scale of the industry's support for businesses in the region. Across the whole of Great Britain, gross lending to SMEs amounted to £34.5bn in the second quarter, 50 per cent more than the annual total in 2019.

Government-backed Coronavirus lending schemes formed only one part of this overall support package, with businesses benefitting from a range of facilities provided by lenders, including extended overdrafts, invoice finance and capital repayment holidays. This support, coupled with government initiatives such as the Job Retention Scheme and the deferral of VAT payments, which reduced SME outgoings for the quarter, led to a substantial increase in deposit holdings during Q2 2020.

Towards the end of the first quarter, lenders moved quickly to provide extended overdraft facilities as businesses sought to cover their cash flow needs. This support has continued as businesses turned to government-backed loan schemes - resulting in a drop in the utilisation of overdraft facilities from 54 per cent in Q1 to 39 per cent in Q2, according to UK Finance data. This existing revolving credit will give businesses additional headroom as various elements of government support unwind over the coming months.

**Stephen Pegge, Managing Director of Commercial Finance at UK Finance, said:**

*“With Coronavirus support measures fully operational in the second quarter, our data shows that many companies in the East Midlands still had a degree of financial headroom from a combination of existing facilities and deposits, but the demand for additional support was substantial.*

*“The number of loans accessed by businesses in the East Midlands rose by 53 per cent in the second quarter of 2020 compared to the total amount of lending during 2015 - 2019. This*

*demonstrates the scale of support that the UK banking and finance industry has been providing across the United Kingdom.*

*“Gross lending across the country for Q2 was up 50 per cent on the entire annual total in 2019, reflecting this significant demand with new overdraft facilities as well as the Government’s business interruption finance schemes providing support.*

*“The finance industry continues to work closely with the government and regulators to deliver the support schemes alongside its usual assistance measures to help viable businesses as they plan for recovery.”*

## Case Studies

Please find a selection of case studies below which are available for interview. For further information, please contact the UK Finance press office on 020 7416 6750 or email [press@ukfinance.org.uk](mailto:press@ukfinance.org.uk)

### **Colwick Hotel and Byron’s Brasserie - Nottinghamshire**

A Nottinghamshire hotel dating back to the 11th century, the Colwick Hall Hotel, secured CBILS financing from Barclays to allow it to bolster its working capital in the face of limited sources of revenue due to low numbers of tourists and visitors.

### **Sanjay Foods - Leicester**

Sanjay Foods, a Leicester-based catering and event management company, was supported by a CBILS loan from Barclays that provided it with a financial cushion to survive the pandemic. The funding has supported the business with fixed costs and salaries.

### **Bakers Waste Services - Leicester**

Recycling and waste management company Bakers Waste Services was approved for a loan through the CBIL scheme by HSBC. The additional facilities will support the business’s cash flow and operating costs in the short term, as well as enabling Bakers Waste to plan for the coming months as the lockdown is lifted and its customers reopen.

### **ESP Fitness - Loughborough**

ESP Fitness based in Loughborough accessed a 6 figure loan via the CBIL scheme from HSBC to help it adapt to the changing needs of businesses and consumers during the lockdown. The company, which designs and supplies premium sports and fitness training equipment, was able to use the loan to pivot its business to the at-home fitness market which has seen a surge in demand.

## Notes to Editor

UK Finance is the collective voice for the banking and finance industry. Representing more than 250 firms across the industry, we act to enhance competitiveness, support customers and facilitate innovation.

1. The UK Finance Business Finance Review - Q2 2010 is [here](#). All data relates to the seven largest banking groups in Great Britain, and to SMEs with up to £25m turnover.
