## **OVER SIX TIMES MORE BUSINESSES IN WALES SUPPORTED BY LENDERS IN Q2 2020 COMPARED TO ALL OF 2019**

- Figures published today by UK Finance reveal that over 62,000 businesses in Wales received over £2 billion of support through commercial lending and government-backed loan schemes in the second quarter of 2020.
- Businesses in the region accessed 47 per cent more loans compared to 2015-2019 in total, demonstrating the scale of support the banking and finance industry has provided businesses throughout the pandemic.
- Financial support and government schemes led to a reduction in expenses for businesses across the country, leading to a rise in deposits for SMEs in the quarter.

Figures published today by UK Finance reveal that businesses in Wales received over £2 billion worth of lending support from the banking and finance industry in the second quarter of 2020.

645 per cent more businesses were provided with finance in the quarter than in the whole of 2019, and 47 per cent more than in the period from 2015 to 2019, demonstrating the unprecedented scale of the industry's support for businesses in the country. Across the whole of Great Britain, gross lending to SMEs amounted to £34.5bn in the second quarter, 50 per cent more than the annual total in 2019.

Government-backed Coronavirus lending schemes formed only one part of this overall support package, with businesses benefitting from a range of facilities provided by lenders, including extended overdrafts, invoice finance and capital repayment holidays. This support, coupled with government initiatives such as the Job Retention Scheme and the deferral of VAT payments, which reduced SME outgoings for the quarter, led to a substantial increase in deposit holdings during Q2 2020.

Towards the end of the first quarter, lenders moved quickly to provide extended overdraft facilities as businesses sought to cover their cash flow needs. This support has continued as businesses turned to government-backed loan schemes - resulting in a drop in the utilisation of overdraft facilities from 54 per cent in Q1 to 39 per cent in Q2, according to UK Finance data. This existing revolving credit will give businesses additional headroom as various elements of government support unwind over the coming months.

**Stephen Pegge, Managing Director of Commercial Finance at UK Finance, said:**

*“With Coronavirus support measures fully operational in the second quarter, our data shows that many companies in Wales still had a degree of financial headroom from a combination of existing facilities and deposits, but the demand for additional support was substantial.*

*“The number of loans accessed by businesses in Wales rose by 47 per cent in the second quarter of 2020 compared to the total amount of lending during 2015 - 2019. This demonstrates the scale of support that the UK banking and finance industry has been providing across the United Kingdom.*

*“Gross lending across the country for Q2 was up 50 per cent on the entire annual total in 2019, reflecting this significant demand with new overdraft facilities as well as the Government’s business interruption finance schemes providing support.*

*“The finance industry continues to work closely with the government and regulators to deliver the support schemes alongside its usual assistance measures to help viable businesses as they plan for recovery.”*

## Case Studies

Please find a selection of case studies below which are available for interview. For further information, please contact the UK Finance press office on 020 7416 6750 or email [press@ukfinance.org.uk](mailto:press@ukfinance.org.uk)

### **Wales Ape and Monkey Sanctuary - Powys**

Wales Ape and Monkey Sanctuary in the Brecon Beacons has received a Bounce Back Loan worth £50,000 from Lloyds Bank. The loan will help the sanctuary put in place social distancing measures which include new paths for visitors and help it to manage the drop in ticket sales due to the limited capacity available for guests to the park.

### **Barmouth Beach Club - Barmouth**

Barmouth Beach Club, a dedicated holiday site capable of hosting disabled guests, secured a Bounce Back Loan from Barclays to help meet overhead costs and diversify the business to help support the local community with food deliveries.

### **Retail Merchandising Services - Newport**

Retail Merchandising Services is a family-run business based in Newport, Wales, that provides services to major retailers. This has included helping set up pop-up supermarkets near NHS Nightingale Hospitals. The business received a loan from Lloyds Bank under the CBIL scheme, easing cash flow issues and enabling it to get back up and running on projects post-lockdown.

## Notes to Editor

UK Finance is the collective voice for the banking and finance industry. Representing more than 250 firms across the industry, we act to enhance competitiveness, support customers and facilitate innovation.

1. The UK Finance Business Finance Review - Q2 2010 is [here](#). All data relates to the seven largest banking groups in Great Britain, and to SMEs with up to £25m turnover.
2. The volume data referred to in this release refers solely to loans, whereas the data in the Business Finance Review refers to both loans and overdrafts. In regard to values, the data

in this release refers to approvals, whereas the Business Finance Review figure of £34.5bn refers to gross lending. Some will have been approved in the quarter but not yet drawn down.

3. The banking and finance industry has put in place a clear plan to help Britain through:
  - 1.9 million [mortgage payment deferrals](#)
  - [27 million interest-free overdrafts](#) offered, 992,400 payment deferrals on credit cards and 686,500 payment deferrals on personal loans.
  - £57.3 billion of lending to over 1.32 million businesses through government Covid-19 lending schemes
  - Protecting customers from [scams and fraud](#)
  - Higher limit for [contactless payments](#)
